ABOUT AKAATENT

Akaatent is the finest supplier of vehicle parking shades in the UAE. We provide the highest quality and low car parking shades prices because we have a well-equipped production plant, highly trained designers and engineers, and we have faith in the abilities of our experienced workers which make our product unique and low-priced car parking shades in UAE. We are inexpensive because we employ technology efficiently and organize our production in such a manner that we have less material waste, lower labor costs, and require less time to complete a job which will again help us in giving our customers very good car parking shades prices.

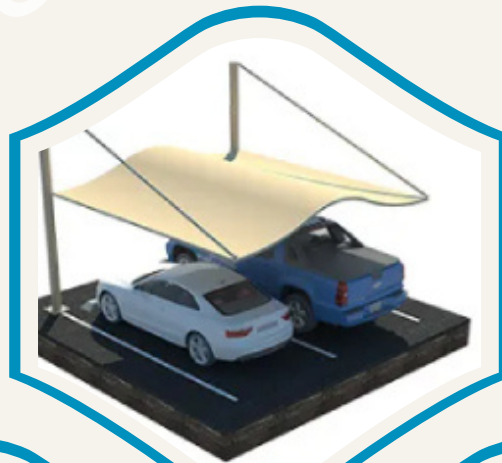

Akaatent concept guarantees that we provide industry and business-leading vehicle parking solutions by using contemporary supply and installation guidelines along with a good rate or price in UAE.
