OUR SUN SHADES PRODUCTS

- Swimming Pool Sun Shades
- Awning Sun Shades
- Umbrella Design Sun Shade
- Beach Sun Shades

SWIMMING POOL SUN SHADE

Al Khayam Al Arabia's swimming pool shade structure delivers a range of benefits beyond UV protection and relief from the sun's rays. Our shade structures can be great aesthetic additions to a pool, giving you a bit of ambiance and style. And with these well-structured, large-scale permanent structures, you'll also be adding value to your patio area. Giving it a modern and more pleasant look. Our high-quality sun shades that are made of world-class fabrics (PVC/PVDF, PTFE) keep you more cool and more comfortable. We have an array of designs you can choose from or we could work up with the best design ideas that will suit your taste.

Features

- Effective 95% UV Blocking
- Air Circulation
- More Durable
- Minimum one year longer lifetime than other cheaper shades
- The temperature under the swimming pool shade can be lowered up 6.5°C.
- Applicable for any type of weather.
- Rust Proof material – Best quality tension ring
- Lightweight and easy to install
- Less maintenance.

Sail Shades

Shade sails are increasingly popular options that give a truly modern look to a pool. They can also resist the high waves of winds. These interestingly shaped sails can be placed in an array of unique angles, giving a pool a very edgy and modern look.

Pergola Shades

A pergola can provide ambient shade with just the right amount of filtered light over a pool. Placing a pergola over one end of a pool can also create a great, visual centerpiece. Our pergolas are made from quality fabrics and add value to your home.

Retractable Shades

Retractable shade canopies are probably the most comprehensive shade solution for a pool, capable of delivering reliable sun protection to an entire section of a pool with ease. These large canopies run across the pool along beams spanned between support posts on each side of the pool, giving homeowners an easy and very stylish way to shade a pool.

Cantilever Shades

Cantilevers are shade structures similar to canopies that use just a single support structure on one side. Support posts are driven into the cement around the pool; horizontal, with a canopy, extend over the pool from these vertical support posts, providing shade for poolside guests and those in the water.

AWNING SUN SHADE

An Awning Shade is attached to the exterior wall of the building. The awning is composed of PVC/PVDF, and PTFE Fabrics that are tightly stretched over the lightweight frames of Steel, Iron or aluminum and sometimes coat or transparent material. The Awning Shades are installed outside the building, entrance of the building, entrance of the home, on the walk-side also for the hotel entrances and their specific location is above the Doors or Windows. Restaurants use Awning shades in UAE broad enough to cover the outdoor sitting area for outdoor dining, parties, or for the reception. In commercial buildings awning shades are highly used to prevent Hot burning sun rays, strong winds, rain, etc in addition business owner print the Names, Address, Contact on awnings which acts like a billboard, or sign of the business.

Retractable Awning

We provide the best quality fabric like PVC, PVDF, and PTFE fabrics for awning shades in UAE in standard and custom sizes. The size of the shade and structure will be decided on the space where to install the awning. We are specialized in awning shade installation in Dubai, Abu-Dhabi, Sharjah, Ajman, Fujairah, Umm Al Quwain, and Al Ain and we are in the position to deliver our shade services all over the world. We provide cost-effective shade solutions to our clients.
